

# Prashanth (GP) Gandhidoss

CEO and Founder at IQ TechMax Inc., | Passionate about Web3 and AI Innovation, AR/VR & Metaverse

## **About**

A Tech Entrepreneur, A Business Development Professional, and A Textile/Garment manufacturer, with 10+ years of experience in innovation tech. I am currently working with companies that are implementing Spatial Computing technologies.

Being a futurist and technology strategist, my role in IQ TechMax is to drive and direct the team toward the company's vision and goals. I am also a part of DataIllum, a B2B Sales as a Service startup where we help with Lead Generation, Fixing up product demos, and act as an outsourced Sales partner for Start-ups and SMEs.

My disciplines include Virtual Reality, Augmented Reality, Artificial Intelligence, Machine Learning, Creative Digital Strategy, Web/Mobile App Development, Digital Marketing, and IoT.

Currently working on Metaverse, Blockchain, NFT's, Augmented Reality E-commerce, AR/VR Education, AR/VR Fitness platforms, and also on Data Engineering and Data Visualization for multiple verticals.

Looking forward to helping the farmers with emerging tech and providing free education to the people who are in need is my vision with the current goal of making people's life easier with our innovative tech in Metaverse, AR/VR, Machine Learning, Artificial Intelligence, IoT, and with emerging tech!
